ORDER

Objection, *Doc. 5*, overruled. Magistrate Judge Volpe did not clearly err or misapply the law in screening Jackson's complaint, *Doc. 3*. FED. R. CIV. P. 72(a). Further, though Jackson says in his objection that he can prove a failure to train or supervise, he didn't include that claim in his complaint. If Jackson wants to pursue this case, then he must submit an amended complaint that complies with the 4 December 2020 Order. Amended complaint due by 15 January 2021.

So Ordered.
